About TSDC

When we say "Skill today, Success tomorrow", we truly mean it.

—N. Ragavendar - Founder & CEO, TSDC

At Traijo Skill Development Center, we believe that strong practical skills and real-world exposure are the foundationof a successful career. Traditional learning alone is notenough — today's industry demands hands-on expertise and confidence.

At Traijo, education is not just about completing a course syllabus. It's about building skills, creativity, and Career -readiness that truly matter in the real world.

We are committed to helping every student develop industry-relevant skills and transform their passion into a profession. From the basics to advanced practical training, we guide our students at every step of their learning journey.

5+ Years of Skill Excellence

100% Practical Learning Approach

10+ Industry-Oriented Projects

100% Placement Support

Founders Message

At Traijo Skill Development Center, we believe learning should go beyond theory. Education must **create real skills, strong confidence, and the ability to succeed in real-world environments.**

Traijo was founded with a clear vision — to bridge the gap between academic learning and industry expectations through **practical training, hands-on projects, and expert guidance.**

Every course we offer is designed to empower learners with relevant, in-demand skills, **helping them think creatively, work confidently**, and adapt to an ever-evolving digital landscape.

We are not just building careers; we are shaping mindsets, nurturing talent, and creating **future-ready professionals** prepared to **lead and grow** in today's competitive world.

When we say "Skill today, Success tomorrow", we truly mean it.

—N. Ragavendar - Founder & CEO, TSDC
